

Residential Treatment Services

What does this appropriation support?

Provides for residential rehabilitative treatment necessary for children who are either status offenders or have emotional or psychological difficulties caused by abuse and neglect. Contracted residential facilities provide these services for children.

Some children who are status offenders and some children who have been abused or neglected have emotional or psychological difficulties that require treatment in a residential environment. There are various levels of residential services available to these youth and children, depending on specific needs. Types of residential care include emergency, levels 2-4, family-focused, infant/toddler, maternity and maternity with infant. In addition, for a select number of children with severe behavioral health needs, residential treatment services include an integrated delivery system managed by care management organizations (CMOs).

What is the authorization for this program?

State statutes: RSMo. 210.480-210.531;
Federal: 42 USC Sections 670 and 5101

Is this a federally mandated program?

Yes. The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who have been abused and neglected.
